Dear Mr.Kenneth K McLaughlin,

I am currently pursuing my Valeo Company Embedded Systems. As I am in the procedure of finding the right job, I identified your company and find it the right place as I will have the scope of being a part of the technical team, where I can execute my embedded systems software knowledge, which is my area of interest.

I have been an active member of the academic project [Embedded Systems software MCAL design] & have got a practical knowledge during this project tenure. I have also attended an Industrial Training program at [NTI], where we experienced & learnt about Build Atmega32 Drivers.

I would like to be a part of your reputed firm, where I can utilize my skills, knowledge & talent. This would be the right opportunity and I strongly believe that if given a chance I will prove myself and contribute to the growth & success of the organization.

The enclosed resume provides more details of my skills and achievement track record. If you agree that I would make a valuable addition to your team, please feel free to call me at 01150091280 or email me at mahmoud126125@gmail.com. I know you are busy, so thank you for your time, and I look forward to speaking with you.

Thank you for your consideration.

Sincerely,
Mahmoud Abdel-Raouf Mahmoud
